LEARN HOW TO DESIGN A WEBSITE

FUNDED 9-Day Course Delivered Online

Build your own website and learn the invaluable skills of website design with **DPN's Government-funded* 9-Day Website Development Course.**

Our expert-led training provides you with a practical, hands-on learning experience to get ahead in the online world and is open to **anyone aged 19 or older** living in Devon or Cornwall.

This training will equip you with the knowledge you need to create and grow a successful website while taking you through the practical steps to get your website up and running.

Designed for you

Have you started a new business and now's the time to establish an online presence?

Do you already have a website but need to learn how to manage it more effectively?

This training is aimed at beginners who are looking to improve their online presence. During the training, you will create your very own website using an industry-standard tool, WordPress.

This course is delivered over nine days spread over separate weeks to make it easier to fit around work and school schedules.

The course covers:

- ◆ Personalisation of your website: reflect your brand using colour, headers, fonts and styles
- ◆ Making a multiple-paged website
- ◆ Implementation of templates
- ◆ Creation of blogs for content marketing
- ◆ UK compliance such as GDPR
- ◆ Ensuring your website works across a variety of devices
- ◆ And much more!

All our courses are being delivered remotely using Zoom.

This course is a great way to learn the basics without too much jargon and with support from highly experienced tutors. You'll also have the opportunity to network and connect with other local businesses.
